**Lakeside Unity:** Nothing to report

**Central:** Motioned to direct our RD to support any regional motion to stop the SSP at the world conference

**Sasquatch-** motioned something to the effect of "any ideas or funding involving a change in the NA service structure should be Fellowship-approved ONLY, in order to allow the entire fellowship to

participate in making such major decisions ( this would mean that if something comes up for vote/poll at the WSC, our regional delegate would request that it either be dismissed or tabled and included in the 2014 CAR). the wording of this motion also insures that the region would not vote on it until areas have had the opportunity to give input, to specifically allow for as much group input as possible when directing our RD how to vote at the WSC.

**Facilitator** was re-confirmed.

**New Secretary** – Larry C from UWANA

**New Treasurer** – James K from UWANA

Note from Secretary: There was confusion on my part about the minutes for February Meetings. Thanks to the facilitator and the web servant for helping straighten it out. The expectation is that all minutes will be on the web site for comment within one week of Region Meeting.

## RDA Report for February 11, 2012 Regional Meeting

The four CAR presentations in Sasquatch, United Wasatch, Lakeside/Northern and Central all went well. We have 70 total email contacts for the members that attended the workshops, I will be sending to all 70, the attached summary sheets, if there are any members here that want to be added to the list please sign this (hold up) contact sheet before you leave, also anyone wishing to be added from throughout the region please give them my email and have them send me a request email. My email is tdcdrilling@aol.com. I will be sending a vote tally sheet for each area to fill out for the next region meeting in April before the conference April 29-May 5, for your convenience I also included one in this report, this will allow the for the compiling of the groups/areas group conscience for the CAR/CAT.

As for the travel expenses for the RDA to the conference I will cover all the expenses up front out of my own pocket and present a detailed reimbursement request at the following region meeting. This body can approve the items it chooses at that point. This can be open for discussion as this body feels.

I was asked by several different members of the region to present this following probable motions from the CAT (conference agenda track) as compiled by the RD from the ABCD region, I will included in the above mentioned email, a vote tally sheet for these items if this body directs me to. I will also included any other motions made today as to allow for the best gathering of information of the group conscience from our region for Brain and myself to carry to the conference. The CAT (conference agenda track) can be downloaded at the world website na.org the CAR (conference agenda report) can also be found there.

The best way to make an informed decision concerning the CAR & CAT comes from reading/studying these documents, also participating in discussions with fellow addicts in our fellowship. Remember this is everyone's Narcotics Anonymous, therefore we all have input, no one person has it all right we all make it right. How does that saying go "Narcotics Anonymous will survive without me, I can't survive without Narcotics Anonymous", so what can I do to help Narcotics Anonymous, I don't matter we matter.

I want to express my gratitude to the members/fellowship of the Utah Region (our fellowship) for allowing me to be of service at this pivotal point in the growth and potential change of Narcotics Anonymous, specifically in regards to the SSP (Service System Project) and the grassroots movement of the formation of the United States Service Conference. Please know that I will proudly carry the voice/group conscience of our region to the lowest levels of service. Your voices not mine.

In loving and humble service
