Program report was read

Concern that if speakers do purchase their own tickets that they should be given a budget, we would like to a rough draft program, also some concern with the language of the title of one of the workshops.

Banquet, we hope to serve spaghetti, salad, bread. Phil will get some quotes from Dave's Market. Our hope is to have all the area's plan a meal.

Discussion about rather or not we should charge for the banquet, as in most years past we have provided all of the meals, but there is some concern that not everyone wants to eat at the convention and may feel as though that there money is going towards meals that they are not eating.

Registration report was read, we will donate preregistration to raffles at events throughout the summer.

John and Izzy will work together on merchandise until the position is filled; Committee members are encouraged to bring any logo ideas to the next meeting

For entertainment purposes we will look into having Central either host or let us barrow Bingo we will charge per card and winner will receive a raffle ticket.

We would like to put out to the RCM's to ask their GSR's for their homegroups to donate basic texts. We would like to ask LUANA to host the Saturday banquet
